Company Business Profile

Introduction:

Motion Incorporation has been involved in providing Engineering, construction, power sector Project Support Services in Bangladesh. We provide EPC and a complete local logistics support service for international turnkey projects secured by International/Multinational companies and local government project. We move with multinational Company as consortium, merging, Joint venture, Local agent and service provider. We have vast experience in this sector has enabled us to develop a good market reputation in an area where there are very few professionals. Motion Incorporation has emerged, through vast experience. Our professional approach for project management has been welcomed and appreciated by our clients.

Our Main businesses of Motion Incorporation focus in power sector, EPC installation commissioning , project contracting, and services. Its service covers a wide range of key sectors including Procurement and Logistics; Project Equipment supply, Power equipment import like inverter, UPS for data Centre, solar power solution ,Generator according to requirement , , Civil Construction Works, Site preparation including leveling work etc. Motion Incorporation is one of the leading business houses in Bangladesh engaged in, project support and Engineering construction works. We have built-up a core team of professionals in-house who have diversified technical backgrounds, knowledge, and practical experience to provide the depth of expertise in various disciplines to assist in the planning, development and implementation of national and localized projects. Most of our Engineers have long working experience in different Government and semi-government organizations and have hands-on experience in execution of many large projects in the public sector.

Motion Incorporation offers a full range of support services in, specialized and general civil and Engineering construction. Over the years we have prioritized establishing long-term relationships with all our partners for sustainable growth. Our long-standing relationships with the National Board of Revenue (NBR), the Board of Investment(BOI), Chief Controller of Import and Export, Bangladesh Roads and Highways and Bangladesh Central Bank –allows us to offer a complete service package to our clients,

Our Vision:

Be the world's premier civil engineering, construction and project management organization by achieving extra-ordinary results for customers, building satisfying careers for our people and earning a fair return on the value we deliver.

Our Mission:

Motion Incorporation is to perform for our customers the highest level of quality civil Engineering & Building construction service satfair and market competitive prices. To ensure the longevity of our company through repeat and referral business achieved by customer satisfaction in all areas including timeliness, attention to detail and service-minded attitudes. To maintain the highest levels of professionalism, integrity, honesty and fairness in our relationships with our suppliers, subcontractors, professional associates and customers.

11/15, Tajmahal Road, Block # C, Mohammadpur, Dhaka-1207.

11/15, Tajmahal Road, Block # C, Mohammadpur, Dhaka-1207.

Environmental Management:

At **Motion Incorporation** we contribute to our environments and develop structures which may last centuries. With this in mind, we are future centric in terms of the design and technology we apply. We recognize the importance of utilizing the most modern and most sustainable materials within the construction process. We are proud to have built quite a number of iconic projects which have broken new grounds in terms of sustainable materials and innovative construction techniques. **Motion Incorporation** continuously strives to perform to sustainable best practice in construction in our mission to lessen our impact on our environment, and every new project for us is a challenge in search of a zero carbon footprint.

The area of the provision of more and more sustainable and renewable buildings is constantly evolving and changing and we are operating in a very exciting and dynamic times. **Motion Incorporation** continue to innovate with every project every day, and rigorously apply our Environmental Management Systems to achieve this.

We continue to lead the way in terms of our approach to sustainability. We source our materials responsibly, we audit our supply chain to ensure compliance with our systems and procedures whilst continuously checking our chain of custody certification etc.

This investment in suppliers and materials selection allow us to give the required high performance in use that specifications

demand but with a reduced environmental footprint.

Company Business Profile

*“We plan and act
for the future-for the
long term good of
our company, our
customers and our
environment.”*

Quality Management:

Quality is of paramount importance to all team members at Motion incorporation. We are continually evaluating and improving the level of service we offer our clients to ensure the reputation for quality on which we pride ourselves is maintained and grown. We are committed to providing projects that are not just fit-for-purpose, but which exceed expectation in terms of quality of build and functionality. Our reputation for both the quality of our project management and finished projects is achieved through our proven Quality Management System.

Our Quality system is an integral part of our companies' management activity and is implemented through a comprehensive set of procedures and controls which are documented in accordance with company's internal policies.

Our Quality Management System follows Six Basic Principles of Quality:

1. Provides for long-term quality control through established processes and systems.
2. Nurtures and guides our Quality Culture through its proven policies and procedures.
3. Successfully identifies and controls the quality standard and quality of design as defined by our clients.
4. Plans for Quality: Identifying measures of achieving the required quality, including construction methods, equipment, materials and personnel.
5. Insures for Quality: Encouraging all parties to "Work Together to Deliver the Best-First Time".
6. Provides for a process of continuous improvement correcting any potential quality deficiencies that may arise.

Our management structure and the responsibility of all our employees is explained in detail in our Management Manual. Our Quality system is an integral part of our existing management process which sets the high standards of co-operation required by all members of staff to ensure that the quality of service we provide to our clients is second to none.

The purpose of such a Quality system is to "get it right first time every time". Our Directors and staff are committed to driving this process actively to give our clients the satisfaction of knowing that we will deliver exactly what we promise.

"Get it right first time every time".

Company Business Profile

Health & Safety Management:

Motion incorporation s Board of Directors and staff are totally committed to the implementation and continuous improvement of the Integrated Management Systems governing our Health, Safety, Environmental and Quality Codes of Practice. These systems are living documents that are continually reviewed and improved in line with industry best practice.

First and foremost the guarantee of the health and safety of our employees and of all those effected by our construction operations is an absolute pre-requisite to conducting any work at any time. We have developed our systems and procedures over many years based on the see thics.

Our Safety Management System complies with the requirements of Govt. Rule sand is fully audited and certified.

Implementation of our environmental policy is strongly supported by our Board of Directors and through the empowerment of all of our employees. The Management System Committee coordinates the network of environmental correspondents, organizes technical working groups bringing together experts from each business line and guides the Group's overall environmental action policies. We are proud of our management systems, which have been developed and constantly improved on for last one year.
